# User Guide for Presentation mode of PROGRES GRYPHAX<sup>®</sup> software

The "Presentation mode" of PROGRES GRYPHAX® software enables user to display the live image stream or recorded items from Gallery on whole screen to see all details of images.

## General description:

The *Presentation mode* is part of the GRYPHAX software. It enables user to change from standard software view to full screen mode to display the live image stream or recorded items on whole screen. All software tools will be still active at the background but not visible.

Presentation mode activated:

RYF AG Showroom Bettlachstrasse 2 CH-2540 Grenchen Tel +41 32 654 21 00 Fax +41 32 654 21 09 RYF SA Showroom, Sales Office Route de Genève 9c 1291 Commugny Tél +41 22 776 82 28 Fax +41 22 776 82 29 RYF AG (Zürich) Sales Office Bahnhofstrasse 17 8400 Winterthur Tel +41 52 560 22 25 Fax +41 52 560 21 0

#### Start Presentation mode:

To start the *Presentation mode* use the keyboard key (F11) or start by using the Title bar menu at GRYPHAX software ... View/ Presentation Mode.

🚍 File	View	Service	User Profile
	Presentation Mode F11		
	Grid		G

Note: This submenu is enabled if any meaningful image/video is shown in the image window.

#### Change zoom factor:

To change the zoom factor at *Presentation mode* between "1:1" view and scaled "Fit To Screen" view use the keyboard key (Z). The Default view at GRYPHAX software is "Fit To Screen" view. At "1:1" view the image will be display one pixel of the camera/ image as one pixel on the screen.

Additionally, a small overview window will be displayed over the image at "1:1" view. The currently displayed part of image is marked as rectangle. The position (RIO) can be moved by mouse operation. Also size and position of overview window can be changed by mouse operation.

#### Activate magnifier:

To activate the *Magnifier tool* during *Presentation* 

mode use the keyboard key (Space bar).

Hold the space bar and a small floating pane is opened as image window overlay and shows a view of a selected sector as long as the key is pressed.

Zoom level is depending on the used section of "zoom level" under Preferences / General / Magnifier

## **Record images:**

To record images during *Presentation mode* you can use the keyboard key (Enter) or (F2). All images will be recorded to previously selected destination folder and can be previewed at software Gallery.
